Education

Florida State University

B.S. COMPUTER SCIENCE

- With Honors
- GPA: 3.8

Tallahassee, Florida

May 2016 - Exp. May 2021

Florida State University

B.S. APPLIED & COMPUTATIONAL MATHEMATICS

- GPA: 3.8

Tallahassee, Florida

May 2016 - Exp. May 2021

University of Florida

B.A. PHILOSOPHY

Gainesville, Florida

August 2006 - May 2009

Research Experience

USER Lab

UNDERGRADUATE RESEARCH ASSISTANT

- Advisor: Dr. Chris Mills

Florida State University

January 2020 - Present

Honors in the Major Program

UNDERGRADUATE THESIS

- Skin Cancer Detection and Classification using an Artificial Neural Network
- Advisor: Dr. Sonia Haiduc

Florida State University

August 2019 - July 2020

Honors & Awards

AWARDS

2019 **Undergraduate Leadership Award**, Florida State University Department of Computer Science

HONOR SOCIETIES

2019 **Phi Kappa Phi**, Florida State University Chapter

2018 **Upsilon Pi Epsilon**, Florida State University Chapter

Presentations

2020 Virtual Undergraduate Research Symposium

SKIN CANCER DETECTION AND CLASSIFICATION USING AN ARTIFICIAL NEURAL NETWORK

- Discussed research performed for Undergraduate Thesis

Florida State University

April 2020

Teaching Experience

CGS 2100 Microcomputer Applications for Business and Economics

UNDERGRADUATE TEACHING ASSISTANT

- Instructors: Dr. Randolph Langley, Mrs. Melina Myers

Florida State University

Spring 2018 & Fall 2020

COP 3014 Programming I for Nonmajors

UNDERGRADUATE TEACHING ASSISTANT

- Instructor: Mrs. Melina Myers

Florida State University

Fall 2018 - Fall 2019

COP 3363 Programming I for Majors

UNDERGRADUATE TEACHING ASSISTANT

- Instructor: Mrs. Melina Myers

Florida State University

Spring 2020

Industry Experience

Northeast Florida Regional Council

INFORMATION TECHNOLOGY CONTRACTOR

Jacksonville, Florida

2012 - 2016

Projects

Automating Software Traceability Link Recovery and Maintenance using Word Embeddings within a Neural Network

AUTHOR

August 2020 - Present

- Research performed with FSU USER Lab.

ACM at FSU Programming Contest Suite v2

AUTHOR

February 2020 - Present

- Django and DOMJudge web application to manage and judge semesterly ACM ICPC style contests.

Skin Cancer Classifier

AUTHOR

January 2020 - July 2020

- Flask web application to perform skin cancer image classification using the Inceptionv3 CNN architecture.

DungeonPy

Co-AUTHOR

June 2019 - August 2019

- Python Programming student project. Pygame implementation of a simple 2D RPG.

ACM at FSU Programming Contest Suite v1.1

Co-AUTHOR

March 2019 - April 2019

- Software Engineering I student project. Django web application to register contestants of semesterly ACM ICPC style contests.

Extracurricular Activity

Association for Computing Machinery - Florida State University Chapter

PRESIDENT EMERITUS AND WEBMASTER

Tallahassee, Florida

2016 - Present

- President 2019-2020
- Treasurer 2018-2019
- Social Chair 2017-2018
- Member 2016-2017

ACM at FSU Programming Contest

QUESTION WRITER

Tallahassee, Florida

2018 - Present

- Semesterly ACM ICPC style competition.

Skills

Programming Python (Tensorflow, Keras), C/C++, LaTeX
Web Django, Bootstrap, Jinja2
